## POSITIONS AVAILABLE

Last Updated 1/3/2010

### Electronics assembly work

We are looking for a person to start immediately and fills the following criteria:

- SMT and through hole soldering experience
- Ability to recognize electronic parts
- Good grasp of spoken as well as written English
- Through hole board loading
- Able to work as a team member
- Pride in your own work
- Tidy and organized
- Familiarity with IPC-610 (desirable but not essential)

The job offers:

- Walking distance from train station
- 9 day fortnight
- Clean and pleasant working environment
- Further training
- Immediate start
- Permanent appoint after qualifying period

This job is offered to persons with experience. It also available to persons wishing to make a career in the electronics industry and are prepared to attend relevant formal courses.

This is an excellent opportunity to anybody living in the Hawkesbury area. The travelling is stress free, parking is no problem and the work is secure for the right person.

To apply, email your application to Oscar Chavez (Production) from our [contacts page](#).
